**mucit®**  
Plastik & Kalıp

## | INSTITUTIONAL

Mucit Plastik & Kalip was established in 1995 by Mucit Yiğit.

Mucit Plastik & Kalip operates in the mold design-production and plastic injection sector and has also been a solution partner for many different sectors.

By increasing its production network in the plastic and mold sectors, our organization provides innovative and effective services in line with customer demands with its wide product range in sectors such as defense industry, tractor spare parts, mill spare parts, agricultural machine parts, automotive spare parts, food machinery spare parts.

Our company maintains its production activities with our cnc lathes, cnc vertical and horizontal machines, cnc double column machining centers, reverse engineering, prototype modeling, laser cutting, laser welding, welding robots, plasma oxygen cutting, hydraulic - eccentric presses and plastic - rubber injection machine park and with our qualified staff close to one hundred.

## | VISION

To increase our production capacity and sales volume in various sectors, especially in the Defense Industry, by producing innovative solutions with our production capability, vast experience, advanced technology and to create value in domestic & foreign markets.

## | MISSION

To provide sustainable production by using our resources effectively and efficiently in line with the needs and expectations of our customers in a peaceful working environment, to contribute to the development of the country's economy and society.

## | QUALITY POLICY

We continue our production activities by adopting the principle of sustainable quality and customer satisfaction with professional systems.

ISO 9001:2000 Quality Certificate was obtained on 05.09.2006 in order to provide the highest quality product/service on time and to continuously improve our quality.

**With Quality  
And Confidence**

**We Shape  
Plastic For  
27 years**

## 10.000M2 PRODUCTION AREA

In our production department, there are 20 plastic injection machines in total, equipped with advanced technology with a tonnage of 100-1600.

## MORE THAN 2000 PRODUCTS

Mucit Plastik ve Kalıp, which designs molds and products for many companies in the sector, continues its production activities in many sectors such as Agriculture, Food, Mill.

## PROFESSIONAL MOLDING WORKSHOP

Plastic injection molds are manufactured in the high-tech Mucit Plastic Molding Department.
